

Anna University Facility Booking System

Anna University

Admin User Manual

Full system control: users, facilities, timetables, and approvals

1. Overview

The Admin role has unrestricted access to all management functions: register and delete users, manage facilities, build timetables, manage enrollment, configure holidays and special working days, approve or reject hall and auditorium requests, view booking history, and monitor real-time facility usage via the Dashboard.

2. Login

1. Open the application in your browser.
2. Enter your Admin User ID and password.
3. Click Login.

3. Sidebar Navigation

- Home -- Welcome screen.
- Requests -- Approve / reject pending hall and auditorium requests.
- History -- View complete booking history.
- Dashboard -- Real-time facility usage by date.
- Facilities -- Add, edit, or delete facility entries.
- Enrollment -- Enroll users in courses.
- Timetable -- Build timetables, add holidays, manage special working days.
- Register -- Create users individually or via CSV bulk import; delete users.

4. User Management (Register)

Register a Single User

1. Sidebar > Register > Register User tab.
2. Enter User ID, Password, Email.
3. Select a Role: student, student_rep, faculty, secretary, admin.
4. Click Register User.

Bulk Register via CSV

1. Sidebar > Register > Bulk Register tab.

2. Prepare a CSV file with columns: userId,password,role,email
3. Click Upload CSV File or paste the CSV text into the textarea.
4. Click Parse and Preview -- a table shows the parsed records.
5. Fix any errors shown, then re-parse.
6. Click Register N Users to submit.

Valid roles in CSV: student, student_rep, faculty, secretary, admin

Manage / Delete Users

1. Sidebar > Register > Manage Users tab.
2. Filter by role if needed.
3. Click Delete next to a single user -- removes the user and ALL their data.
4. Use checkboxes + Delete Selected for bulk deletion.

WARNING: Deleting a user permanently removes their timetable, bookings, enrollment, and requests. This action cannot be undone.

5. Facility Management

Facilities include Rooms, Labs, Projectors, and Halls.

Add a Facility

1. Sidebar > Facilities > click + Add Facility.
2. Enter the Facility Name.
3. Select Type: room, lab, projector, or hall.
4. Check or uncheck Bookable.
5. Click Add.

Edit Bookable Status

1. Click Edit Bookable to enter edit mode.
2. Find the facility and click Edit.
3. Toggle the Bookable checkbox and click Save.

Delete a Facility

1. Click Delete Facility to enter delete mode.
2. Click Delete next to the facility and confirm.

6. Enrollment Management

Enrollment links a user to a set of courses. This is required before building a timetable for that user.

1. Sidebar > Enrollment.
2. Enter the User ID to enroll.
3. In the Add Course section enter Course Code, Course Name, Staff Name.
4. Check Lab if the course uses a lab instead of a room.
5. Click Add Course -- the course appears in the preview table.
6. Add as many courses as needed; Edit or Remove any before submitting.
7. Click Submit Enrollment.

Delete Enrollment

In the All Enrollments section, click Delete next to a user to remove their entire enrollment record.

7. Timetable Management

The Timetable page has three tabs: Build Timetable, Special Working Days, Holidays.

7a. Build Timetable

1. Sidebar > Timetable > Build Timetable tab.
2. Select a User from the dropdown (only enrolled users appear).
3. Optionally set a Default Room and Default Lab.
4. Drag a course badge from the course list onto a period cell (Mon-Fri, P1-P8).
5. To edit room/lab for a specific period, click Edit on that cell.
6. To remove an assignment, click the X button.
7. Click Submit Timetable when done.

Each timetable covers 5 days x 8 periods = 40 cells. Unassigned cells are marked Free.

7b. Special Working Days

1. Timetable > Special Working Days tab.
2. Select a Saturday date (only Saturdays are allowed).
3. Choose which day timetable it follows (or leave blank for open/no-timetable).
4. Add an optional label.
5. Click Add Special Day.

7c. Holidays / Off Days

1. Timetable > Holidays / Off Days tab.
2. Toggle Single Day or Date Range mode.
3. Select the date(s) and optionally add a label.
4. Click Mark as Holiday.

On a declared holiday, booking pages show a holiday banner and all booking actions are disabled.

8. Requests -- Approve / Reject

Hall Requests

1. Sidebar > Requests.
2. Under Pending Hall Requests, use filter buttons (All / Faculty / Student Rep / Secretary).
3. Review: Hall, User, Role, Date, Event, Start, End.
4. Click View PDF to check the supporting document.
5. Click the green checkmark to Accept or the red X to Reject.

Auditorium Requests

1. Scroll down to Pending Auditorium Requests.
2. Review details and click View PDF.
3. Click Accept or Reject.

Accepting marks the slot as booked. Rejecting frees it for others.

9. Dashboard -- Facility Usage

1. Sidebar > Dashboard.
2. Select a date from the inline calendar.
3. Filter by Facility Type: All, KP Room, Dept Room, Lab, Projector, Hall.
4. Red slot = booked (shows booker's user ID), white slot = free.

5. For a future booked slot, click Free to force-release it.

10. History

Navigate to Sidebar > History to review past booking activity.

11. Sign Out

1. Open the sidebar.
2. Click Sign Out.

12. Frequently Asked Questions

Q: Can I change a user's role after creation?

A: Not through the UI. Delete the user and re-register with the correct role.

Q: A hall shows as occupied but the event was cancelled.

A: Go to Dashboard, find the slot, and click Free to release it manually.

Q: How do I add a compensatory working Saturday?

A: Timetable > Special Working Days > select the Saturday, choose which day timetable it follows, and save.

Q: What data is deleted when I delete a user?

A: All associated data is permanently removed: timetable, bookings, enrollments, and pending requests.
